

WHAT IS CLAIMED IS:

1. A portable table, comprising:

a base;

a support member extending upwardly from said base; and

5 first and second table tops removably and interchangeably attachable to said support member, said first table top being storable within a compartment of said second table top.

2. The portable table of claim 1, wherein said second table top includes a handle and wheels for transport thereof.

10 3. The portable table of claim 1, wherein said second table top includes a lid pivotally attached thereto, whereby said lid provides a work surface.

4. The portable table of claim 1, wherein said base and said support fit within said compartment.

15 5. The portable table of claim 1, wherein said base includes a detachable wheel, said wheel also attachable to said second table top.

6. The portable table of claim 1, wherein said second table top comprises a lid, four walls and a bottom forming said compartment therewithin, said lid being pivotally attached to one of said walls and forming a work surface.

7. A portable table, comprising:

a base;

a support member extending upwardly from said base; and

20 first and second table tops removably and interchangeably attachable to said support and said first table top being removably and hingedly attachable to said second table top.
